

Notebook Grading Criteria

Mrs. Wimer & Mrs. Foglia

Notebooks will be graded and notebook quizzes will be given throughout the year. The weight of the notebook grade will be equivalent to that of a quiz grade. If you wish to receive a grade of “A+” (100 %) on your notebook be sure to include the following:

- Place name on notebook cover
- Date every lesson **and** label with proper title
- Include any warm-up problems for the day (write out problems & solutions)
- Write out all sample problems shown on the overhead for the daily lesson (do not skip steps and make sure to include sketches if they are part of the problem)
- Start a **new page** for each lesson
- Keep only math notes in notebook (no other subjects)
- Refrain from doodling–Points will be deducted
- You are responsible for any notes missed when returning from an absence. Pick up lecture notes from class file and copy into your notebook.
