

Dental PPO Plan Enhancements Effective 9/1/2009

- Dental Implants will now be a covered Major Service.
- Vizilite Plus Exams which is an oral cancer screening used to assist in the early detection of oral abnormalities, will now be a covered Basic Service.
- Sealants will now be covered as a Preventive service
- Cleanings will now be covered twice per year, instead of every 6 months.
- General Anesthesia will be covered in conjunction with 3 or more extractions, or any surgical procedure
